To Whom it May Concern:

Having been a Realtor in Santa Cruz County for the last 16 years, I have dealt with many contractors both professionally and for personal use. I was very impressed with the paint job done on my home for many reasons. To have a contractor show up for a bid when they say they will is something of a miracle in itself. The level of professionalism that your company showed from the first appointment of showing up on time and discussing color samples to the crew that prepped and painted my home was remarkable. I am beyond pleased with the job done on my home.

I have had many friends and neighbors compliment my home with its new look. I am confident in referring them to Walls Painting because I truly believe that they will experience the same satisfaction that I have. Thanks again for the great job!

Sincerely,

American Dream Realty
